

# Clone of TACCHELLA 1018 UA

**Category** Grinding Machine  
**Type** Cylindrical

**Made** Tacchella  
**Model** 1018 UA

**Capacity** 360 X 1000 mm

## Technical specifications

| WORKING CAPACITY                                                                                                               | TABLE                                                                                                                                                                                                                                                                                                                                                                                                                     | WHEELHEAD                                                                      |
